

KEN CORDELE GRIFFIN ACADEMY

HOW THE ACADEMY IS RUN

Conduct of the Desk

The academy is an independent educational desk. It is not a broker, not an adviser, not an employer, and not a unit of any trading firm. Profiles are issued. They are not purchased from a public cart.

WHO GOVERNS

ceo@kengriffin.courses and admissions@kengriffin.courses are the only administrators. They issue profiles, set week, post insights, and may retire a profile. Participants do not create accounts for other people.

WHAT A PARTICIPANT DOES

- Signs in with the issued email and the system password, then changes that password.
- Works the map, the memo, the inventory, and the scorecard.
- Reads insights posted by the administrator. Does not publish to the desk.
- Treats every paper as education about market structure, not as an instruction to trade.
