

The Market Map

Ken Cordele Griffin Academy — Handout

A market is a room with a rule. Before a name, write the room:

venue, matching rule, disclosure, who may speak, clearer, settlement.

The eight layers: Structure. Participants. Instruments. The book.

Liquidity. Risk. Information. Plumbing.

If a sentence could apply to any name, it is atmosphere, not a view.

Education only. Not investment advice. Independent of Citadel.
